Tom,

Similar to the email I sent regarding the Argyle, I would like to come by and get copies of the video footage. I will use that when meeting with the club owners. I know Vice has cited the location and last week I was talking to Vice Investigator Ben Thompson regarding the ongoing issue. The Senior Lead Officer for the clubs (Danny Pesqueira) told me that he spoke with management about the roller skating and that was canceled. I have spoken with Dan Halden and our new Commanding Officer, Capt III Cory Palka. They both will be present for a meeting with the owners to address the ongoing issue. Please let me know a good time to come get the video footage you have. Also, if possible, would you please put together a list of dates and times you have been contacted by residents of 1600 Vine regarding this problem as well as when you have called LAPD for service.

Thank you,

Joe

Good morning Joe,

Has there been any progress on the noise abatement at this location; as they have begun outdoor roller-skating performances on a nightly basis, to blasted outdoor music, and I have residents asking what steps I am taking to address the noise concern?

The fact that we can still clearly decipher exactly what song is being played throughout the night until 2:00 a.m.; IS NOW only compounded by the recent addition of outdoor live performances where the volume is significantly increased for the patio crowd observing the performance.

I have several videos in my phone; but their size is preventing me from emailing them at this time.
Ø Any update as to steps being taken to address this ongoing noise issue would be greatly appreciated!
As always, thank you for your time and support.
Have a great day.

Hi Joe,

Just a quick follow up to our previous discussions on this matter; as Good Times is now staging live entertainment on their outside balcony with roller-skaters set to music clearly being blasted in the courtyard.

Not sure if their CUP terms have changed; but I have video, if needed.

Happy 2016!!!

Hi Joe,
Thank you so much! Yes, it is the patio speakers and outside yelling that are creating the main issue; where 1600 VINE residents are concerned. I called over the weekend around 1:00 a.m. and they lowered the music considerably for LAPD upon arrival.
My residents greatly appreciate your efforts in this matter.
Have a wonderful Thanksgiving Holiday!

I spoke with Chuck Tobert of Good Times at Davey Waynes on El Centro. I explained the noise problems his establishment is creating. He told me there were speakers on the exterior patio area that he had disconnected but had possibly been reconnected. I told him to remove the speakers to solve the problem. I advised him that Vice would be monitoring as well as neighbors who were complaining of the noise. Tom please keep my updated from your end and let me know if the noise continues to be a problem.

Tom,

I will speak with Vice and see what the CUP says concerning the clubs operating hours. Regardless of the CUP the noise level should be something that can be cited. I will update you at the meeting tomorrow.

Good morning Dan,

Attached you will find one of several video clips from the El Centro Club across the street from LA Fitness; which has been blasting their music well past 2:00 a.m. every night this past week.

Unfortunately, multiple resident calls to LAPD have been unresponsive to the concern; with the club just turning the music up louder with each complaint.

What is my next step here?

Thanks,

PS: This was taken on my iPhone from a full city block away on the 12th floor of 1600 VINE.
